PROFESSIONAL SUMMARY

Data Analyst with a Bachelor's degree in Economics with Foreign Trade, hands-on training in Data Analytics, and a coursework foundation in statistics. Built a full-stack e-tender management platform with MySQL-backed reporting across 8 workflows, and an interactive Power BI dashboard analyzing retail sales and profitability trends. Skilled in collecting, cleaning, and organizing data from multiple sources, performing data validation and quality checks, and creating dashboards and reports that support business decision-making. Proficient in Excel, SQL, and Power BI, with strong analytical and problem-solving skills and clear communication of findings. Currently pursuing a Master's degree in Economics through IGNOU University.

TECHNICAL SKILLS

- Data Analysis: Microsoft Excel, SQL, Python, Basic Statistics
- Data Visualization & Reporting: Power BI, Dashboards, Reports, Charts
- Databases: MySQL, MongoDB
- Web / Project Technologies: Django, HTML, CSS, Bootstrap, jQuery
- Tools & Platforms: GitHub, Microsoft Word, PowerPoint

PROJECTS

Retail Sales & Profitability Analysis – Power BI | *Excel, Power BI*

- Collected and organized retail sales and profitability data from multiple sources, performing data validation before analysis.
- Analyzed datasets using Excel and Power BI to identify trends, patterns, and business opportunities.
- Built an interactive Power BI dashboard and documented findings for stakeholder reporting.

TenderHub – E-Tender Management Platform | *Django, Python, MySQL, Bootstrap, jQuery*

- Collected, cleaned, and organized data across 8 core workflows (tender, bid, contract, product, order, payment, notification, reporting).
- Performed data validation and quality checks on MySQL-backed datasets to ensure accurate, role-based reporting.
- Built dashboards and business intelligence reports to support decision-making for tender and transaction monitoring.
- Documented findings and collaborated on presenting insights and reporting features to stakeholders.

EDUCATION

Master of Arts (Economics) – Pursuing

IGNOU University | 2025 – Present

Bachelor of Arts in Economics with Foreign Trade

Amal College of Advanced Studies | 2018 – 2021

Data Analytics Course

SINET, Malappuram, India | 2026
